

JOB OFFER – NATIONAL COACH AUSTRIA CLIMBING

Work with world-class athletes and inspire excellence in climbing

The Austrian Climbing Federation is looking for a committed and motivated **National Coach** (m/f/d) for the **National Training Center in Innsbruck**.

What to expect:

- **Work with world-class athletes:**
Join a team dedicated to supporting top athletes in preparing for international competitions and advancing their careers. You'll benefit from one of the most advanced climbing infrastructures and a professional environment with scientifically supported resources.
- **Varied and outstanding tasks:**
Develop new training methods, accompany athletes to global competitions, work with them individually and in groups, and contribute creative ideas to everyday training.
- **Shape the future of climbing:**
Play an active role in shaping the future for Austria Climbing by contributing key impulses for innovative training concepts – together with an experienced team of coaches and in collaboration with scientific institutions.

Your responsibilities:

- **Training and competition support for top athletes:**
Support world-class athletes in their climbing and personal development – from training to taking part in international competitions. Analyze competitions, coach athletes on-site, and help them achieve their goals.
- **Developing innovative, science-based training concepts:**
Create innovative training plans and concepts as part of the coaching team. Leverage scientific insights and performance diagnostics to continuously improve training processes and work closely with scientific institutions.
- **Designing the training infrastructure:**
Collaborate closely with the coaches team and experienced route setters to create diverse and challenging training environments in one of the world's most modern climbing centers.

What we offer:

- **Excellent working environment:**
State-of-the-art infrastructure and a training setting that enables top performance.
- **Dynamic team:**
Work with people who are as passionate about climbing as you are.

- **Opportunities to contribute:**
Your ideas count! Play an active role in shaping the future of Austria Climbing.
- **Flexibility and recognition:**
We offer flexible employment models and competitive remuneration based on your qualifications and experience.

What skills we expect:

- **Elite climbing experience:**
You have significant experience in high-performance climbing.
- **Professional qualifications:**
Well-founded education in sports sciences and/or trainer certification in climbing.
- **Passion for innovation:**
You are motivated to bring creative and modern approaches into training patterns.
- **Teamwork and openness:**
You are a communicative person and you like collaborating with athletes, coaches, and researchers.

Interested?

Send your application via email until February 15th 2025 to h.wilhelm@austriaclimbing.com

We look forward to hearing from you!
